Fandom: **Harry Potter**

From the very first page,

The very first word,

We were drawn in by the magic that spoke from the pages

Straight though to our hearts and souls.

Friendship of the deepest and greatest kind,

Enemies that sneak and slither in the shadows.

Enchanted stairways, paintings, and ghosts

And one very annoying poltergeist

That haunts around the hallowed halls that

Teaches more than just magic.

Creatures of all sizes

Owls, rats, cats, house elves, Cornish Pixies, Spiders, Unicorns, a three headed dog,

And a troll that brought together

The three greatest friends to ever be.

We stand tall and fight for our friends

Against the unknown that tries to take away

Everything we love.

Love that is the symbol, the very thing

That saves us all.

That ability to love,

This is what brings all together,

The young and old.

That power comes from just a little book series.

It doesn't matter who you are or where you're from,
We all are different but share the most wondrous story,
That sings to all of us.

Black robes and wands made of holly,
Glasses with tape in the middle,
And a little scar on the forehead,
Shaped like a lightning bolt.

We badgers, lions, eagles, and snakes,
With our kindness, courage, intelligence, and cunning,
That is what sets us apart from the rest.

We who stand at midnight for one last chance
To enjoy the ending of what is an immortal story in history,
Set as one of the greatest tales,
Whose beginning was an idea sparked on a train,
then written in a humble little coffee shop in London.

It brings everyone from the world over,
To enjoy and forget the troubles of the world for just a little bit,
And reminds us we have the strength to face those troubles and overcome.
For all is well, and help will always be given to those who are loyal to Hogwarts's true magic.

Who are we?

We are Harry Potter Fans.

"It is our choices, Harry, that show what we truly are, far more than our abilities."
